

Proposed Increase to the Restormel Zone Hackney Carriage Table of Fares for April 2022

I would like to propose an increase to the current Restormel Zone Hackney Carriage Table of Fares. Like any business, we have to address rising costs, and as we usually only see an increase once every 3-4 years, with the last one being June 2018, now is the time to look at it again.

It is important that we keep pace with inflation like any other industry, and the only way to do this is to implement a well thought out increase in the Hackney Carriage Table of Fares. As we historically have an increase once every 3-4 years, it will be 4 years when this comes into force.

The proposed increase weighs in at just under 10% for a 2 mile journey, which brings us in line with the current Kerrier Zone cost, and when considering inflation is currently around 3%, will hopefully cover the next 3-4 year period. The increase is sensible, and unaggressive to the consumer, and as always, represents only the MAXIMUM amount that can be charged, and does not stop operators from discounting the price of their services as they see fit.
